## II. Requirements for completion/promotion to the next level course

### 1. Japanese programs

#### (1) Interaction with Japanese program

This program is mainly intended for those who are studying at Kanda University of International Studies (KUIS) on a formal exchange basis.

#### (2) Japanese in Context program

This program is mainly intended for students who have applied through the Tokyo center of the IES (Institute for the International Education of Students).

### 2. Requirements for exchange students

Exchange students can register for classes on a semester basis. To complete the program, students must be in attendance for more than 1 year (a minimum of 2 semesters). Additionally, students must take the required Japanese language courses and elective subjects for a total of 28 credits.

### 3. Course promotion

As a rule, students advance to the next level of study after finishing the semester's course. However, if a student is unable to meet the standards of the Japanese language class he/she is placed in after taking the placement test, the student will not be able to advance to the next level. Additionally, a student will not be able to advance to the next level without taking the placement test given at the beginning of a semester. A student whose ability exceeds the level of the class he/she is placed into will be able to advance to the next level.

### 4. Restrictions

Students can register for the same level for a maximum of two times. Those who, for personal reasons, do not attend classes within the first 10 days after the semester starts will not be permitted to register. In this event, the University must be contacted immediately to begin the procedure for either a leave of absence or cancellation of enrollment. Please be aware that university tuition will not be refunded.

### 5. Leaving/expulsion from the program

Students who wish to drop out of the program before completion (for example, for reasons such as returning to their home country, a change in study/career plans, etc.) must submit to the International Affairs Section an *Application for leaving the University*, along with their student ID. In addition, if a student's attendance rate falls below 90% (except when the student has a special reason such as health problems, family related issues, etc.), or if a student: (a) does not participate in class and/or (b) has a negative impact on class activities, he/she will be notified of potential expulsion from the program. If there is no improvement after the notification or if the University cannot get in touch with the student, the student's name will be removed from the Bekka registration.

### 6. Auditing courses

Auditing courses at KUIS (including courses offered at Bekka and the KUIS undergraduate departments) is generally not acceptable. However, special allowance may be granted to those who are taking 14 or more credits prescribed by Bekka and are accepted as auditors by the course instructor. Upon receiving permission from the course instructor, students must complete and submit an *Auditing request form*.

### III. Number of hours and credits for each class

## V. Examination and grading policy

### 1. Term examinations

The schedule of the exams will be announced at the beginning of the courses each semester. In normal circumstances, if a student is absent on the day of an exam, he/she will not be allowed to take a make-up exam.

### 2. Grades

Results will be expressed in one of the following 5 grades: A<sup>+</sup>, A, B, C, or F.

The corresponding standards are noted below.

	pass				fail
Letter Grade	A <sup>+</sup>	A	B	C	F
Numerical Grade	100 ~ 90	89 ~ 80	79 ~ 70	69 ~ 60	59 ~ 0
GPA	4	3	2	1	0

For a detailed explanation of the grading policy for each class, please read the course syllabus that the instructor/professor will hand out at the beginning of the course each semester.

Course grades for each semester will be mailed to the students within one month after the semester ends. If your mailing address changes due to moving or returning to your country, please notify the International Affairs Section.

Any inquiries regarding course grades must be submitted during the designated period. Please refer to the paper which will be sent to you with your grade for details about the period. Inquiries made after the period will not be accepted.

### 3. Lateness/leaving early from class

Being late and/or leaving early from class three times will be counted as one absence.

### 4. Attendance required for grade calculation

As a general rule, grades will be F if a student has been absent from the course more than the one third. Please consult regarding your particular circumstances.

The number of absences for cases detailed in 5. (1) below will not be included in this one third.

### 5. Grade calculation for absences with legitimate reason

When an absence due to the following reasons has been approved, the student's class participation, exam, quizzes and assignments during that period will be evaluated as below.

#### (1) Absence due to school infectious disease

\* School infectious disease: diseases such as influenza, as specified by Japanese regulations.

#### (2) Early return to one's country under home university circumstances

#### (3) Absence due to other legitimate reasons such as family death, hospital visit, etc.

	Class participation	Exams	Final assignment	Quizzes	Assignments/ "Performance activities"
(1) School infectious disease	When class participation is evaluated, the absence will not be counted toward the total number of classes which the student should attend.	Grading doesn't take into account the missed exam(s). The student will be graded based on the other evaluation items.	Extension of the deadline is approved.	The student receives the average score of the quizzes he/she has taken during the semester.	The student receives the average score of the assignments or "performance activities" he/she has submitted or done during the semester.
(2) Early return					
(3) Other					

In order to receive approval, you must submit the following documentation in each case.

## VI. Student life

### 1. University fees

	Entrance fee	Tuition	Insurance fee	Total
1 <sup>st</sup> semester	50,000	400,000	10,000	460,000
2 <sup>nd</sup> semester	-	400,000	-	400,000

For individuals who wish to look for/live in apartments other than the ones listed above, students can rent a private apartment near the campus. In general, private apartments require three to four months' fee in advance for housing deposit and key money.

< Institutional guarantor System >

Having a guarantee is necessary when renting private apartments in Japan. The university has an institutional guarantor system and can act as a guarantor for those students who will be renting a private apartment through a real estate agent designated by the university. If the university becomes the guarantee, students will sign a one year contract for a home insurance policy.

### 3. Insurance

#### (1) Japan National Health Insurance (JNHI)

For your own safety and welfare, KUIS requires all full-time students with one-year 'college student' visas to join the Japan National Health Insurance (JNHI) program administered by each local government. This insurance covers 70% of the cost of general medical and dental care and hospitalization.

#### (2) Comprehensive renters' insurance for foreign students studying in Japan

This insurance covers a certain amount of the cost of medical treatment and compensation for

accidents/injuries. If you are unable to acquire travel insurance before arriving in Japan, you will need to have the comprehensive renters' insurance for foreign students studying in Japan.

#### 4. Scholarships

Scholarships are available to students of the KUIS Japanese Language and Culture Program. Details will be announced during orientation at the beginning of the semester.

#### 5. Student discounts

With a KUIS ID card, students can receive various discounts, for example, on train/subway/bus commuter passes, movie tickets, museum entrance fees, etc.

#### 6. Application for public exams

The Japanese Language Proficiency Test (JLPT, given twice each year in July and December) and the Exam for Japanese University Admission for International Students (EJU, given twice in June and November each year) are the major exams that allow foreign students to demonstrate their Japanese language ability. The application period for JLPT is in April for the test in July and September for the test in December, while the application period for EJU is in February through March for the test in June and July for the test in November.

#### 7. Student consultations

In the case that exchange students have concerns about, or problems with, academic or everyday life issues, they should feel free to consult with the designated faculty members. Consultation is available either in Japanese or in one of the following languages: Chinese, English, Indonesian, Korean, Portuguese, Spanish, Thai or Vietnamese. Students seeking consultation may simply make an appointment by email with one of the exchange student consultants. The contact information for the consultants is listed separately.
