

## ハギ ▶ bush clover

Bush clovers are shrubs in the pea family, and bloom with small purple flowers in autumn. They have attracted people since old times, and were often mentioned in the Manyoshu poetry collection.

ハギは豆科の低木で、秋に紫色の小さな花をつけます。古くから親しまれ、万葉集の中で多く詠まれています。

【豆知識】万葉集は The Anthology of Ten Thousand Leaves とも言います。
