6/20  
Tue.

Do you know that June 20th is designated the "World Refugee Day" by the United Nations?

In KUIS Refugee Week, on June 7<sup>th</sup>, we will hear from a Syrian female university student with a refugee background, and also hear about various events scheduled in Japan around the World Refugee Day.

Next on June 20<sup>th</sup>, a KUIS graduate who established a company supporting refugees will talk about the situation of refugee support in Japan and what we can do to help them.

You can hear the talks at "The Stage", or join online via Zoom.

Why not take this opportunity to think about refugees and their situation?
